

## 2024 Door & Drawer Guide

**NATIONS**  
CABINETRY

[www.nationscabinetry.com](http://www.nationscabinetry.com)

## Replacements Code Definition

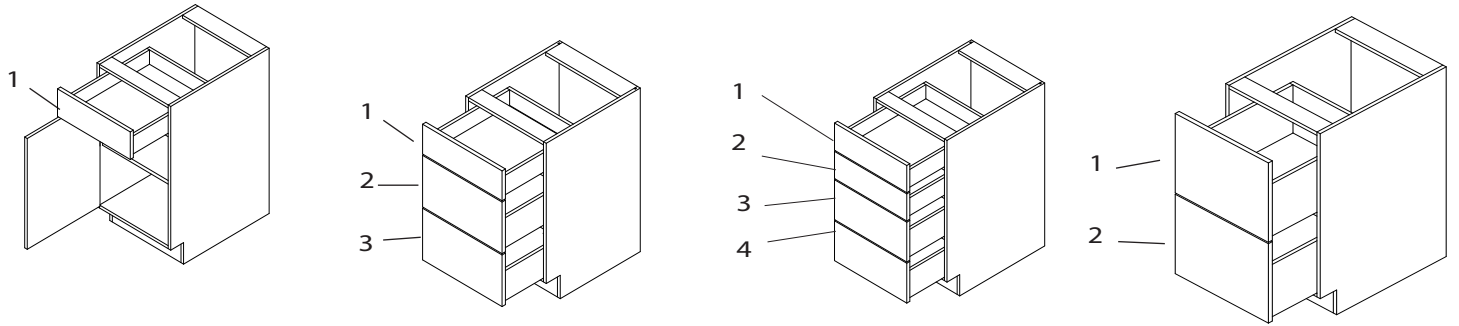

Replacement Code	Type of Replacement Door
DC_RD	Basic replacement door code
DC_RDC	Replacement door sets for Corner Cabinets
DC_RDLW	Lift door wall replacements
DC_RDPL	Pull and Lift door replacements
DC_RDW	Replacement Drawer fronts

## Component Location definition (See next page for examples)

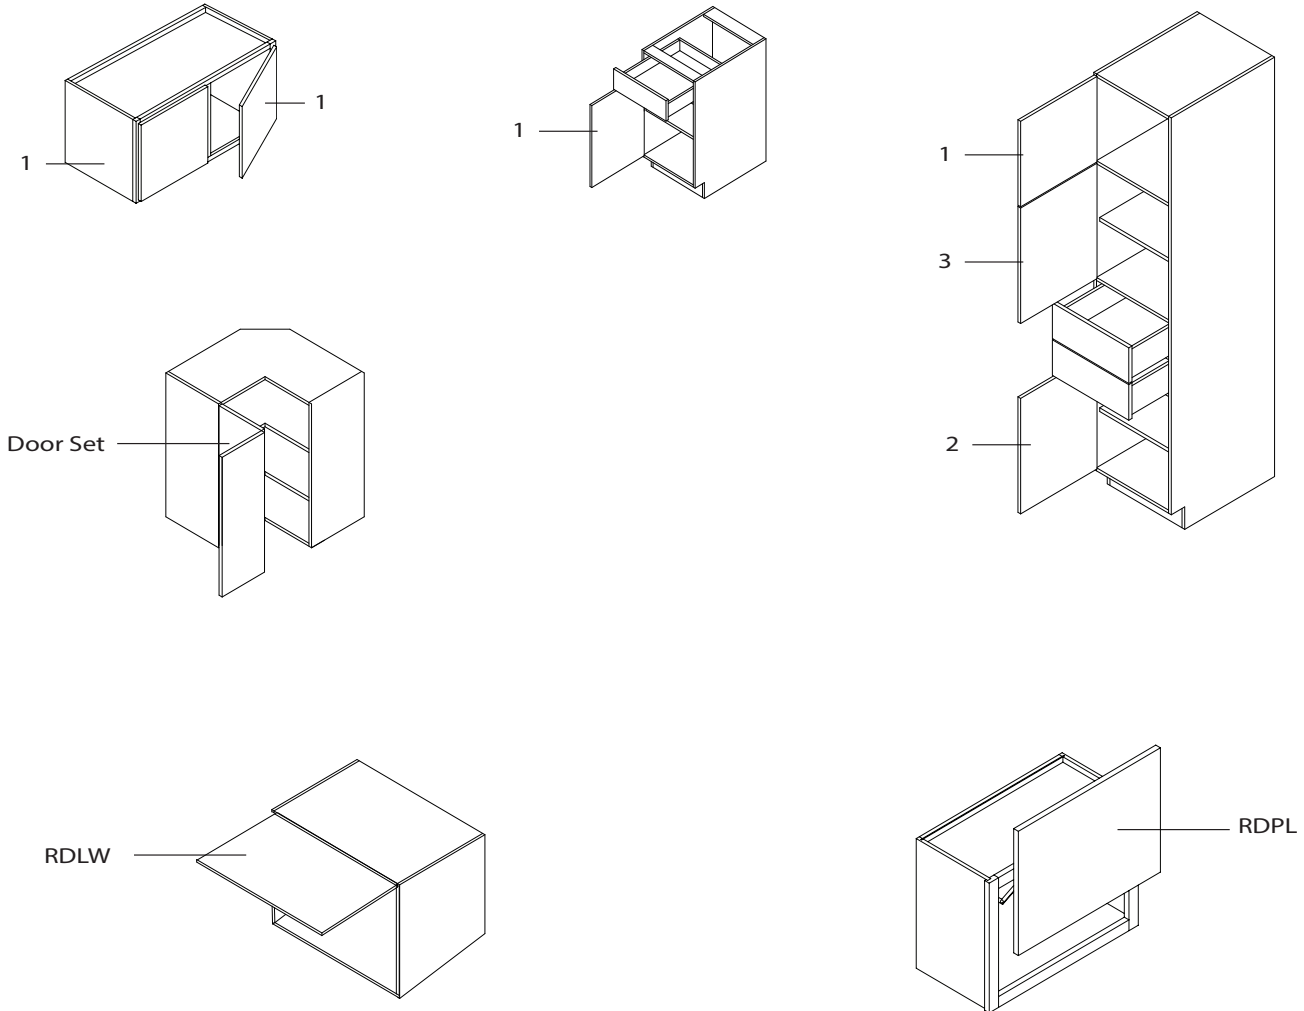

Component Location	Detail where locations are on Cabinets
DOOR 1	Basic door used when only 1 vertical level of door(s) are used
DOOR 2	Basic door used when only 2 vertical levels of door(s) are used and this door is identified as the Bottom door
DOOR 3	Basic door used when only 3 vertical levels of door(s) are used and this door would be located in the center, between DOOR1 and DOOR2
DWR 1	This used for a drawer front where a Drawer box is attached and where there is only 1 verticle level of drawer fronts with a drawer box.
DWR 2	This used for a drawer front where a Drawer box is attached and where there are only 2 vertical levels of drawer fronts with a drawer box.
DWR 3	This used for a drawer front where a Drawer box is attached and where there are only 3 vertical levels of drawer fronts with a drawer box.
DWR 4	This used for a drawer front where a Drawer box is attached and where there are only 4 vertical levels of drawer fronts with a drawer box.
DMY 1	This used for a false drawer front where a Drawer box is NOT attached Typically used in Sink Base applications.
DOOR SET	This is a set of doors that are used on Corner Base or Easy Reach Cabinetry. Doors come as a set and Bi Fold hinges are provided.
<b>NOTE:</b>	<b>Door to cabinet hinges are sold separately.</b>
