CABINETRY

THE STANDARD OF INNOVATION

A cabinet is never just a cabinet; each one is a personal statement that reflects our visions and love for our craft.

June, 2024

What's new:

Tidwell and Dreamcraft:

Effective Monday June 3rd, we will be introducing a new stain called CLOUD. This new stain will only be available on our Rift Oak door styles in our Tidwell and Dreamcraft brands.

This stain will not be available with any Glazing

Below is a SAMPLE-DOOR in Miami II with CLOUD stain.

Actual colors may vary. This is due to computer monitors or printed materials displaying colors differently. We try extremely hard to ensure our photos are as life-like as possible with the understanding the actual color may vary slightly from your monitor or printed materials. We cannot guarantee that the color you see accurately portrays the true color of the product. We suggest ordering a color sample door to verify the color.

Website/Literature resources:

New electronic spec and price books will be posted in the Resources Section of our website Friday May 31st and ready for Customer download. Printed spec and price books are in the works and will be ready in a couple of weeks.

New TC and DC Estimating tools V1.5SP will also be posted in the Resources Section of our website on Friday May 31st and ready for download. Older Estimating tools will be outdated on May 31st.

New 2020 Design files will also be available for download on Friday May 31st. New version is DC24-4 and TC24-6

Thank you for your support,

Nations Staff.
